Board of Assessors

Board of Assessors  
Meeting Minutes  
Work Session  
April 10, 2024

**Present:** Jeanne Cunningham, Danielle Sikkila, Rick Evans, Timber Appraiser, DRA

This was a work session meeting held from 11:00am-12:00pm, at the town office. Rick Evans of the DRA came to discuss the process of determining taxes to be assessed on report of cut. An abatement was requested by Al Jenks for two reports of cut that were processed incorrectly. Rick reviewed the documents and advised that Al needs to submit a copy of the contract, copies of payment summary and checks. One of the abatements requested must come from the owner, not the logger and the owner also needs to provide copy of the contract, copies of payment summary and checks.

Rick reviewed the worksheet created for determining percentage of cut. He also advised to continue using the Timber Tax Worksheet. Rick provided the Board of Assessors with handouts on Assessment and Certification of Yield Tax and RSAs of Forest conservation and taxation,
